

Required Publishing Tasks for Conference Publishers

1. If IEEE is the copyright holder, all authors, which intend on publishing in the IEEE Xplore Digital Library are required to provide a transfer of copyright. IEEE Meetings, Conferences & Events (MCE) will reach out to you with next steps on the Copyright transfer process.
2. Instruct your authors to add the copyright notice to their papers **before** creating PDFs. Copyright notice can be found in Section IV - Copyright Information in the Letter of Acquisition.
3. Instruct your authors to use the IEEE PDF eXpress site to validate their papers (see following page).
4. **Provide IEEE Xplore®-compatible PDFs to Conference Operations.**
IMPORTANT: Any changes made to a PDF after IEEE PDF eXpress conversion or PDF Checking may invalidate Xplore compatibility. This includes headers, page numbers, copyright notice, watermarks, etc. If any of these elements are desired, they should be added to the document before a PDF is created.
5. **All PDFs to be included in IEEE Xplore®** (e.g. title page, copyright page, author index, etc.) should be validated through PDF eXpress for Xplore compatibility
6. If you are not using a publishing vendor's assistance, use the use the IEEE Packing List Generator (from the [IEEE Publishing Technology Resources](#) web page) to expedite delivery of your PDFs to Xplore.
7. Distribute the following page to your authors to provide them access to free Word and LaTeX templates and to PDF instructions [MS Word and LaTeX templates](#).
